Dear Eagle Customer:

When this year ends, so does your chance to own one of the most distinctive coin sets the United States Mint has ever produced.

I'm speaking, of course, about the 1995 Proof American Eagle 10th Anniversary Set, which will no longer be available after December 31.

As a collector of American Eagles, you know that our five-coin 10th Anniversary Set commemorates the first decade of American Eagle sales ... that buying the set is the only way to own the one-and-only Proof Silver Eagle with a West Point mint mark ... and that this limited-edition set gives you all these firsts and exclusives for \$999, exactly the same price as the traditional four-coin Proof Gold American Eagle Set.

But perhaps you don't know that we've sold more than half the 45,000 available 10th Anniversary Sets and that we're featuring the set prominently in our 1995 gift and holiday catalogues that we've mailed to over 3 million households.

In other words, our anniversary set is selling fast, millions more people will see it and want to own it, and sales absolutely end on December 31.

Please order your 1995 Proof American Eagle 10th Anniversary Set before time runs out or we sell out before your order reaches us. We'll gladly reserve your set if you mail the enclosed form or call us at (800) 463-0271

Sincerely,

Philip N. Diehl  
Director  
United States Mint

P.S. You also should know that we've sold almost all of the 10,000 traditional Four-Coin Proof Eagle Sets we minted this year. If you want to give traditional Proof Eagle Sets or single Eagles as birthday, anniversary, and holiday gifts, be sure to place that order when you order your anniversary set.
